Subject: EPA Site Evaluation Presentation

Parm-

Please see the attached presentation from today that you requested. As I mentioned this was a summary of the Removal Site Evaluation (RSE) we conducted last Mat and completed last November. If you want the detailed technical report, it can be downloaded by using this link:
(https://response.epa.gov/site/doc_list.aspx?site_id=14546)

Thanks again. I believe you will receive a message from Kris later today. We look forward to hearing back from you soon.
